REQUEST FOR BOARD ACTION

DESCRIPTION: Duke Energy True Up

AGENDA ITEM NO. 3A

MEETING DATE: 04/25/2023

BACKGROUND INFORMATION:

We have received preliminary information from Duke Energy concerning the true up to be received in July for 2022. At this point, we are projected to owe Duke Energy approximately \$450,000. It is possible this number could go up, as it is preliminary and Duke is still calculating costs. This is the first time we have ever had to pay Duke. The contract allows Duke to capture additional costs and that is what is happening this year.

A number of years ago Dallas established a Rate Stabilization Fund as a way to set aside funds in the event of a large unexpected expense. Currently, the Rate Stabilization Fund contains \$830,080.93. Use of this fund would be the most logical avenue to cover the true up costs that will be owed to Duke Energy. A budget amendment will have to be made by June to provide for the anticipated charge.

Over the years, the Town has benefitted from previous true ups that have enabled multiple capital projects to be completed with no debt. The true up history is also one of the main reasons there has been no electric rate increases for 12 years.

DESCRIPTION: Jagers Park Improvements

AGENDA ITEM NO. 3B

MEETING DATE: 04/25/2023

BACKGROUND INFORMATION:

A discussion was held at the April 11th Board of Aldermen meeting concerning improvements to Jagers Park. The two items discussed were replacing two basketball goals and installing netting on the baseball field to protect residences from foul balls.

Staff has been researching the costs of these improvements as follows:

Two Basketball Goals

Two basketball goals with metal posts can be purchased for \$4322.80 (see attached). This does not include installation, as Town employees would be able to install the posts and goals.

Baseball Field Netting

Netting would be purchased by the square foot based on the size and particular specifications of the netting desired. Base price for netting is \$2.28/sq. ft. Each additional specification desired will be an additional cost per square foot. Examples: vinyl bound, fire resistant, weighted, etc. The additional cost per specification ranges from approximately \$0.65 to \$1.00 per square foot. Once a determination is made of desired size and specifications, a cost can be determined. Also, a determination has not been made yet as to whether installation can be accomplished in-house, or by an outside entity.

DESCRIPTION: Budget Discussion

AGENDA ITEM NO. 3C

MEETING DATE: 4/25/2023

BACKGROUND INFORMATION:

A Strategic Planning meeting was held on March 6, 2023 to determine priorities for the upcoming Fiscal Year 2023/2024 budget preparation. An additional discussion was held at the March 28th Work Session after a preliminary budget was presented, to further establish priorities. Based on these discussions, Staff has prepared a rough draft to be reviewed.

This discussion will center on finalizing priorities in the development of the Fiscal Year 2023/2024 Budget.

Attached is a proposed FY2023/243 Fee Schedule for review prior to the meeting, based on the discussion held on March 28th.

The second review will be to check for compliance with the review comments and comment on any additional compliance issues arising from second submittal. **If plans are resubmitted without comments addressed, additional reviews will be at the rate of \$175.00/hour.**
- Construction inspection and site visits will be performed on a regular basis and/or at the request of the developer or his/her agent. A 24 hour notice will be required for official inspections or utility testing. **Third site visits for the same defective workmanship and/or materials will be billed at a rate of \$90.00/hour.**

TOWN OF DALLAS - FALSE ALARM FEES

Fees for public safety responses to false alarms are calculated on a six-month basis. If the fire or police department responds to a property more than three times in any six-month period, and the cause of the response was due to a faulty or non-maintained alarm system, a fee for the additional responses will be charged against the property. No fee will be charged for the first three responses in any six-month period. After the second response, the offender will be given a written notice of the violation and the fees assessed if a fourth false alarm happens within that six-month period. The following fees will be assessed for subsequent responses within that period.

	<u>Business</u>	<u>Residential</u>
Fourth Response	\$50.00	\$50.00
Fifth Response	\$100.00	\$75.00

TOWN OF DALLAS - STORMWATER RATE SCHEDULE

<u>Account Class</u>	<u>Rate Per Month</u>	<u>ERU's</u>	<u>Total Charge (Monthly)</u>
Single Family Residence	\$4.52	1.0	\$4.52
All Other Accounts	\$4.52	*	\$4.52 per ERU

*Total Impervious surface area on property (in square feet) divided by 2500.

An "**ERU**" is an "**Equivalent Residential Unit**", which is calculated and set at 2500 square feet of impervious surface area. For **ALL** Single-Family Residential properties, the ERU shall be established as (1) ERU, regardless of actual impervious surface area on the parcel. For **ALL OTHER** classes of properties, the Town has established precisely the actual square footage of impervious surface area on each parcel (through a contracted study completed by the Centralina Council of Governments), and the ERU for each shall be the total impervious surface area divided by (2500).

The rate structure includes, for each non-residential account, a **Fee Credit** opportunity, for those properties who have on-site "**B.M.P.'s**" (Best Management Practices) which consist of Stormwater retention, detention, and/or treatment, containment, or significant mitigation facilities, which are certified by Town inspection as being adequately designed, engineered, constructed, and maintained.

The Fee Credit shall equal 50% of the monthly fee, for as long as the BMP facility remains in place, functional, and properly maintained; as evidenced by yearly inspection by Town personnel or agent.

To receive credit for a BMP facility, Account Holders must file an application with the Town Development Services department and meet all requirements for engineering specifications associated with said BMP.
