The following Staff members were present: Maria Stroupe, Town Manager; Brian Finnegan, Development Services Director; Robbie Walls, Police Chief; Lanny Smith, Electric Director; Jonathan Newton, Finance Director; Bill Trudnak, Public Works Director; Tom Hunn, Town Attorney; Earl Withers III, Fire Chief; Lindsey Tysinger, Planner; David Lingafelt, Code Enforcement; Paul Gibson, Electric Supervisor; Dusty Haney, Assistant Fire Chief; Matt Kanupp, Assistant Fire Chief; Zack Foreman, Assistant Public Works Director; and Marcus Fleming, Police Captain.

Mayor Coleman called the meeting to order at 6:00pm.

Mayor Coleman opened with the Invocation and the Pledge of Allegiance to the Flag.

### Approval of Agenda:

Alderman Cearley made a motion to approve the agenda with no additions or deletions, seconded by Alderman Milton and carried unanimously.

### **Approval of Minutes:**

Alderman Martin motioned to approve the minutes from the November 14th regular meeting and the November 28th work session, seconded by Alderwoman Morrow and it was carried unanimously.

### **Recognition of Citizens:**

The Mayor opened the floor to the Recognition of Citizens.

Dr. Duncan, of Carr Elementary School, presented the Students of the Month.

Curtis Wilson of 438 S. Gaston Street, began by thanking Mayor Coleman and Alderwomen Morrow for their service to the Town for so many years. Mr. Wilson then read scripture on how to be guided as a public servant. He then closed with a prayer over the meeting.

### **Consent Agenda:**

### Item 5A Award Gym Floor Bid

Requests for Proposals were sent out for replacement of the gym floor at Dennis Franklin Gym. The bids were opened on November 22<sup>nd</sup>. Beckham's Floors was the only bidder, but due to the scope and threshold of the bid, the Town can award this bid without having to re-bid. The

replacement will include installing a 4" concrete slab and AccerBase Gym flooring per the specs. Attached is the bid sheet and recommendation letter to award the bid. Replacement of the gym floor was included in the current budget, but due to unanticipated costs related to the repairs a budget amendment is attached to appropriate funds for the difference between the budgeted amount and the additional costs (Exhibit 5A, 1-3).

### Item 5B Response to Auditors Findings, Recommendations, and Fiscal Matters

As presented by Ms. Thompson of Martin Starnes and Associates, CPA's, P.A., at the Board of Aldermen meeting held on November 14, 2023, the Town had a prior period adjustment for a CDBG deferred revenue and two performance indicators of concern related to ratios in the Water/Sewer and Electric Funds. The first concern being the Water and Sewer Ratio is slightly less than the .50 limit. The second being the Electric Cash Flows are less than zero, which could mean that the Town's rates are not sufficient to cover operations. This item is being presented for consideration under consent. Approval would simply acknowledge the finding of the auditor that the Town of Dallas has two Financial Performance Indicator of Concerns and one prior period finding. Attached is a letter to be submitted to the Local Government Commission (LGC) outlining the response from the Town (Exhibit 5B, 1-11).

Alderman Withers made a motion to approve both Consent Agenda Items, seconded by Alderman Milton and carried unanimously.

### **Public Hearings:**

No Public Hearings at this time.

### **Old Business:**

### Item 7A Little Long Creek Preliminary Plat

Urban Design Partners has submitted a preliminary plat application for the Little Long Creek Major Subdivision. Staff has reviewed both the civil sets and this plat submittal and it meets the standards of the code, as well as the conditions and allowances established in the Conditional District zoning approved on 11/9/2021. The Planning Board reviewed the preliminary plat application at their 11/16/2023 meeting and voted to send a recommendation to approve to the Board of Aldermen. No changes were made to the plat since the November 28<sup>th</sup> Work Session, where the plat was reviewed. Attached is supporting documentation, including the preliminary plat checklist and submitted plat (Exhibit 7A, 1-21).

The Development Services Director began by giving background information on this plat for Little Long Creek and stated as a recommendation from staff, they would approve this plat.

The question was asked to clarify how many homes this would be and the Director replied with 504 Homes. The Director also stated that this would be the final approval before final plat phase I.

Alderwoman Morrow made a motion to approve, seconded by Alderman Milton and carried unanimously.

### Item 7B Summey Creek Preliminary Plat

Urban Design Partners has submitted a preliminary plat application for the Summey Creek Major Subdivision. Staff has reviewed both the civil sets and this plat submittal and it meets the standards of the Subdivision Code and Development Standards. No changes were made to the plat since the November 28<sup>th</sup> Work Session, where the plat was reviewed. Attached is supporting documentation, including the preliminary plat checklist and submitted plat (Exhibit 7B, 1-10).

The Development Services Director began by giving background information on this plat. He stated this was 120 homes and the staff recommendation would be to approve this plat.

Alderman Cearley asked why this zoning was 6 ft setbacks but Long Creek was 8 ft?

The Director responded by saying how this (Summey Creek) would be an R6 and conventional rezoning. That is why there are different setbacks.

Alderman Martin mentions that the original approval of this zoning was done back in 2021 and there is nothing they can do to change this.

Alderman Milton makes a motion to approve, seconded by Alderman Martin and carried unanimously.

At this time, Alderman Cearley presented a plaque of gratitude to Mayor Coleman and Alderwoman Morrow and thanked them for their service.

Alderwoman Morrow thanked the Town for allowing her to serve them.

In Dallas, the organizational meeting is held at the regular December Board of Alderman meeting. Currently, Alderman Jerry Cearley is serving as mayor pro tempore. Alderman Cearley may be re-elected to serve in this capacity, if he is willing; or another Board member may be elected (Exhibit 9C-1).

Alderman Milton made a motion to table the item until the next Board meeting, seconded by Alderman Cloninger and carried unanimously.

### Item 9D Career Expo Sponsorship

Alderman Cearley made a motion to approve the sponsorship, seconded by Alderman Martin and carried unanimously.

### **Manager Report:**

The Town Manager gave information to the Board concerning up-coming events.

Below is a list of questions, concerns, and motions made by Board members after the Managers report:

Alderman Martin made mention of handing out the Towns quarterly newsletter to area businesses.

Alderman Cloninger began by asking/mentioning items that he would like addressed in the future and items he would like presented back to the board at the January 9<sup>th</sup> meeting:

Alderman Cloninger stated to the Town Attorney that online, our ordinance states that we have a "strong mayor and weak clerk", we are a manager-council form of government and that elected officials should not call and direct staff/department heads to do a job, but in turn, should call the manager and the manager delegate those requests.

Alderman Cloninger made a motion to pay the Town Attorney an hourly rate (to be determined), to review the Town's ordinances and personnel policy for both Town and Police employees and combine both policies as one. Once reviewed, give suggestions of changes to the Board. Alderman Martin seconds the motion, then carried unanimously.

Alderman Cloninger asked Town Staff to present to the board the cost it would take to update our water and sewer infrastructure. Also, how long until we are at full capacity at each plant.

Alderman Cloninger asked for a report of all contractors that the Town uses. How much we pay them, what the contractor does, etc for the last 3 years.

Alderman Cloninger asked the Town Manager to address the Board on what the state has said about the traffic lights on Trade Street.

Alderman Cloninger also stated that he would like the Police chief to give a presentation to the Board in regards to traffic control for speeding on Trade Street.

Alderman Cloninger asked that the Town Manager set up a meeting with the Board and the head of DOT so that they can ask questions regarding traffic control.

Alderman Cloninger made a statement that he thinks that all construction and expenses on the current building at 208 N Holland Street should stop. Alderman Martin asked what the latest update was on this building and the Manager stated that there has been no changes to this building, expenses or construction since the contractor's presentation in October. Alderman Cloninger suggested that the money that has been allocated for the remodel, be used to do a study to look at moving four employees to the bottom of the Dallas Courthouse to utilize the four offices there.

Alderman Cloninger asked questions concerning the fee schedule for the Courthouse and Alderman Martin responded to the questions.

Alderman Cloninger said that while reading last year's budget, we had 9 million in revenue. Based on a 3% increase. From January 2012 to December 2023, how much has Duke raised the rates to the Town in which we did not pass on to the consumer?

Alderman Cloninger asked about the True Up and what it means and asked if the generators are worth having for what they are currently being used for. The Electric Director answered the question about the True Up and explained how it works.

The Mayor asked if there was a Rep with Duke in which we could talk with to see the True Up numbers.

Alderman Cloninger said he would like information on increasing sales tax revenue and what those numbers are.

Alderman Cloninger said he would like to know how much is being charged to the food trucks to occupy a parking spot at the Court Square. The Town Manager responded that the charge is \$400 annually.

Alderman Cloninger said that he would like for the Town to provide the Board with how much Sammy's, the Pickle, Papa's Pizza, and the Country Kitchen spends yearly on property taxes and utilities.

Alderman Cloninger asked where the positions would be posted for the open Development Services Director position and the Town Manager position and about using an interim for the Town Manager position. The Town Manager said that the Development Services position will be posted through NC Works, the League of Municipalities, etc. The Manager said that it would be the Boards decision as how to proceed with the open Town Manager position, whether they would like to do the interview and hiring process in house or if they would like a third party company to do those for them.

Alderman Cloninger asked for a report on the Towns financials.

Alderman Martin made a motion to adjourn, seconded by Alderman Cloninger and carried unanimously (8:14pm).

Hayley Beaty, Mayor

Sarah Hamrick Ballard, Town Clerk

## RESPONSE TO THE INDEPENDENT AUDITOR'S FINDINGS, RECOMMENDATIONS, AND FISCAL MATTERS

For Fiscal Year 6/30/2023, the Town of Dallas had one prior period adjustment finding and two (2) Financial Performance Indicators of Concern.

Audit Finding: Prior Period Adjustment-

Finding: 2023-01: Prior Period Adjustment- During the year ended June 30, 2023, management determined that the \$230,000 corpus of a CDBG loan program grant should not be deferred but should have been reported as revenue and included in fund balance under current GAAP guidance. A prior period adjustment was required to accurately report the fund balance/net position of the Town as of June 30, 2022.

Corrective Action: The Town will apply updated guidance as accounting standards and practices change. Staff involved in the oversight of the financial reporting process will continue to obtain training and education related to governmental accounting. To be completed immediately and ongoing

Financial Performance Indicators of Concern:

Water and Sewer Fund- Capital Asset Condition Ratio

Indicator: Water and Sewer Fund: Capital Asset Condition Ratio below .50

The Town of Dallas as completed an Asset Inventory project for our Water Lines two years ago and are currently in the process of an Asset Inventory for our Sewer Lines. Once this study is complete, the Town will put together a capital project plan to address older infrastructure needs as well and financing options for these projects.

Electric Fund: Cash Flow indicator

Indicator: Cash flow indicator for the Electric Fund

Condition: Operating Net Loss excluding depreciation, including debt service principal and interest

This calculation subtracts operating expenses from operating revenues. A negative balance indicates that rates are not sufficient for covering operating expenses and debt service

annual Duke True Up expense in shown in this calculation but not included the transfer from the Rate Stabilization fund in the amount of \$750,000 to  $\sigma$  Duke True Up payment.
