

TOWN OF DALLAS - STORMWATER RATE SCHEDULE

<u>Account Class</u>	<u>Rate Per Month</u>	<u>ERU's</u>	<u>Total Charge (Monthly)</u>
Single Family Residence	\$3.10	1.0	\$3.10
All Other Accounts	\$3.10	*	\$3.10 per ERU

*Total Impervious surface area on property (in square feet) divided by 2500.

An "**ERU**" is an "**Equivalent Residential Unit**", which is calculated and set at 2500 square feet of impervious surface area. For **ALL** Single-Family Residential properties, the ERU shall be established as (1) ERU, regardless of actual impervious surface area on the parcel. For **ALL OTHER** classes of properties, the Town has established precisely the actual square footage of impervious surface area on each parcel (through a contracted study completed by the Centralina Council of Governments), and the ERU for each shall be the total impervious surface area divided by (2500).

The rate structure includes, for each non-residential account, a **Fee Credit** opportunity, for those properties who have on-site "**B.M.P.'s**" (Best Management Practices) which consist of Stormwater retention, detention, and/or treatment, containment, or significant mitigation facilities, which are certified by Town inspection as being adequately designed, engineered, constructed, and maintained.

The Fee Credit shall equal 50% of the monthly fee, for as long as the BMP facility remains in place, functional, and properly maintained; as evidenced by yearly inspection by Town personnel or agent.

To receive credit for a BMP facility, Account Holders must file an application with the Town Development Services department and meet all requirements for engineering specifications associated with said BMP.
